

Legacy Cache LLC.

END USER LICENSE AGREEMENT

Effective: March 1, 2026

Please read this End User License Agreement carefully.

This End User License Agreement governs your access to and use of the Legacy Cache application, website, and all related services, features, software, and technologies, collectively referred to as the “Service.”

The Service is owned and operated by Legacy Cache, LLC.

By downloading, installing, accessing, or using the Service, you acknowledge that you have read, understood, and agree to be legally bound by this Agreement. This Agreement may be accepted electronically, and such acceptance has the same legal effect as a written signature. If you do not agree, you must not use the Service.

1. LICENSE GRANT

Legacy Cache grants you a limited license to access and use the Service. This license is non-exclusive, meaning it is granted to multiple users, non-transferable, meaning it cannot be assigned or sold, and revocable, meaning it may be withdrawn at any time.

The purpose of this license is to allow you to use the Service in the way it was designed. It is not a transfer of ownership. You do not acquire any rights in the underlying software, systems, or intellectual property.

Your use must remain personal and non-commercial unless explicitly authorized. You may not attempt to extend the use of the Service beyond its intended purpose.

Prohibited uses include, but are not limited to:

- Selling or redistributing access to the Service
- Using the Service as part of a competing platform
- Exploiting the Service for unauthorized commercial gain
- Attempting to replicate or recreate the Service

All rights not expressly granted remain with Legacy Cache.

2. ACCOUNT AND USER RESPONSIBILITIES

In order to access certain features, you may be required to create an account. The information you provide forms the basis of your identity within the platform.

You are responsible for ensuring that all information you provide is accurate, complete, and kept up to date. Inaccurate or outdated information may affect your ability to use the Service or receive important communications.

You are also responsible for maintaining the confidentiality of your login credentials. This includes taking reasonable steps to secure your account and prevent unauthorized access.

Any activity that occurs under your account is considered your responsibility. This includes actions taken by others who gain access to your account due to your failure to protect your credentials.

You are also responsible for maintaining the devices and systems used to access the Service. This includes ensuring that your device is secure and that your internet connection is reliable.

Legacy Cache is not responsible for losses or damages resulting from unauthorized access caused by your failure to secure your account or devices.

We reserve the right to suspend or terminate accounts at any time. This may occur due to violations of this Agreement, suspected misuse, or broader operational decisions.

3. USER CONTENT AND LICENSE

Legacy Cache allows you to upload and store content that may be personal, meaningful, and sensitive. You retain ownership of this content.

However, in order for the platform to function, you grant Legacy Cache a license to use your content. This license is necessary to store, display, process, and deliver your content through the Service.

This license allows Legacy Cache to:

- Store your content on its systems
- Display your content based on your settings
- Process and format your content for compatibility
- Use your content to improve platform functionality

This license is limited to what is necessary to operate the Service. It does not transfer ownership of your content.

You are solely responsible for the content you upload. You must ensure that you have the rights to share it and that it does not violate any laws or third-party rights.

Legacy Cache does not actively monitor all content but reserves the right to review, remove, or restrict content at its discretion.

4. PROHIBITED USE AND PLATFORM SECURITY

The integrity of the platform depends on responsible use.

You agree not to engage in any activity that disrupts, damages, or interferes with the Service.

This includes attempting to gain unauthorized access, bypass security measures, or exploit vulnerabilities. It also includes introducing harmful code, interfering with system performance, or using automated tools to scrape or extract data.

These restrictions are in place to protect both the platform and its users.

You also agree not to use the Service if doing so would violate applicable laws, including export control or sanctions laws.

Violations of this section may result in immediate termination and legal action.

5. THIRD-PARTY SERVICES

The Service may include integrations with third-party platforms or tools. These integrations are provided for convenience and expanded functionality.

However, these third-party services operate independently. Legacy Cache does not control their behavior, policies, or data practices.

When you interact with third-party services, you do so at your own risk. You should review their terms and privacy policies before using them.

Legacy Cache is not responsible for any issues that arise from third-party services.

6. DATA AND PRIVACY

Your use of the Service involves the collection and processing of information.

This information is used to operate the platform, personalize your experience, improve functionality, deliver content, and maintain security.

While we implement safeguards to protect your information, no system can guarantee complete security. The transmission of data over the internet carries inherent risks.

By using the Service, you acknowledge these risks and accept that data transmission may not be fully secure.

7. INTELLECTUAL PROPERTY

The Service is built on proprietary technology and intellectual property owned by Legacy Cache. This includes the software, design, structure, and functionality of the platform.

You are granted a limited right to use the Service, but you do not acquire any ownership rights.

You may not copy, modify, distribute, or create derivative works based on the Service without permission.

Unauthorized use of intellectual property may result in legal action.

8. UPDATES, AVAILABILITY, AND PLATFORM EVOLUTION

Legacy Cache is a dynamic platform that will evolve over time.

We may modify features, introduce new functionality, or remove existing components. These changes may occur without prior notice.

We do not guarantee that the Service will remain available in its current form or at all. This includes the possibility of feature removal or full discontinuation.

We are not obligated to provide ongoing maintenance, support, or updates.

Your continued use of the Service reflects your acceptance of these changes.

9. TERMINATION AND SUSPENSION

Legacy Cache may terminate or suspend your access at any time.

This decision may be based on violations of this Agreement, suspected misuse, or operational needs.

Termination may occur without prior notice.

Once your access is terminated, your license is revoked and you must cease all use of the Service.

Certain provisions of this Agreement will continue to apply after termination, including those related to liability and enforcement.

10. DISCLAIMER OF WARRANTIES

The Service is provided on an “as is” and “as available” basis. This means that while Legacy Cache works to provide a reliable and functional platform, we do not make guarantees regarding how the Service will perform in all situations.

To the fullest extent permitted by law, Legacy Cache disclaims all warranties, whether express, implied, or statutory. This includes any implied warranties of merchantability, fitness for a particular purpose, non-infringement, or uninterrupted operation.

We do not guarantee that the Service will meet your expectations or specific needs. The Service may experience interruptions, delays, or errors due to technical limitations, maintenance, or factors beyond our control.

We also do not guarantee that content stored on the platform will be preserved without loss, corruption, or alteration. While we take reasonable steps to protect data, no system can eliminate all risks.

By using the Service, you acknowledge that you are doing so at your own risk and that the Service is provided without guarantees of performance or reliability.

11. LIMITATION OF LIABILITY

To the fullest extent permitted by applicable law, Legacy Cache shall not be liable for damages that arise from your use of the Service.

This includes indirect, incidental, special, consequential, or punitive damages. Examples include loss of data, loss of content, loss of profits, business interruption, or damage to reputation.

Legacy Cache is also not responsible for damages resulting from unauthorized access to your account, system failures, or third-party actions.

Even if Legacy Cache has been advised of the possibility of such damages, these limitations still apply.

If liability cannot be fully excluded under applicable law, it will be limited to the greater of one hundred dollars or the total amount you paid to Legacy Cache in the twelve months preceding the claim.

This limitation reflects the allocation of risk between you and Legacy Cache and is an essential part of this Agreement.

12. INDEMNIFICATION

You agree to defend, indemnify, and hold harmless Legacy Cache, LLC and its affiliates, employees, and partners from any claims, liabilities, damages, or expenses arising from your use of the Service.

This includes claims related to content you upload, actions you take through the platform, or violations of this Agreement.

For example, if you upload content that infringes on someone else's rights or violates the law, you are responsible for the consequences.

Indemnification includes covering legal costs and expenses associated with defending such claims.

Legacy Cache reserves the right to assume control of the defense in such cases, and you agree to cooperate as needed.

13. DISPUTE RESOLUTION AND ARBITRATION

Any dispute arising out of or related to this Agreement or the Service will be resolved through binding arbitration rather than in court.

Arbitration is conducted by a neutral third party and is generally more efficient than traditional litigation.

The arbitration will be administered by the American Arbitration Association under its applicable rules.

All proceedings will take place in Los Angeles, California, unless otherwise required by law.

You agree that disputes will be resolved on an individual basis. This means you waive the right to participate in class actions, collective actions, or representative proceedings.

You also waive the right to a trial by jury.

You may opt out of arbitration by providing written notice within thirty days of accepting this Agreement. If you do not opt out, arbitration will be the exclusive method of resolving disputes.

14. GOVERNING LAW

This Agreement is governed by the laws of the State of California.

This means that any legal questions or disputes related to this Agreement will be interpreted according to California law, regardless of where you are located.

This provision provides consistency and predictability in how the Agreement is applied.

15. ASSIGNMENT

Legacy Cache may assign or transfer its rights and obligations under this Agreement at any time.

This may occur in connection with a merger, acquisition, restructuring, or sale of assets.

You may not assign or transfer your rights under this Agreement without prior written consent from Legacy Cache.

Any unauthorized attempt to transfer your rights is void.

16. INVESTIGATION AND ENFORCEMENT

Legacy Cache reserves the right to investigate suspected violations of this Agreement or misuse of the Service.

This may include reviewing account activity, analyzing content, and taking appropriate action to protect the platform and its users.

We may also cooperate with law enforcement authorities or regulatory agencies when required or appropriate.

Enforcement actions may include content removal, account suspension, or termination.

These actions are taken to maintain the integrity, security, and trustworthiness of the platform.

17. NO FIDUCIARY RELATIONSHIP

Your use of the Service does not create any fiduciary relationship between you and Legacy Cache.

This means that Legacy Cache does not act as your advisor, trustee, or representative.

The relationship between you and Legacy Cache is that of a service provider and user, and nothing in this Agreement creates additional obligations beyond those explicitly stated.

18. FORCE MAJEURE

Legacy Cache is not responsible for delays or failures in performance caused by events beyond its reasonable control.

These events may include natural disasters, internet outages, cyberattacks, labor disruptions, or government actions.

Such events can impact the availability or functionality of the Service, and you acknowledge that these situations are outside of Legacy Cache's control.

19. NO RELIANCE

The Service is intended to provide tools for content storage, sharing, and interaction.

You agree not to rely on the Service for critical, emergency, or time-sensitive purposes.

For example, the Service should not be used as the sole storage location for important data without maintaining independent backups.

This provision ensures that users understand the intended role of the platform and helps prevent misuse.

20. ENTIRE AGREEMENT, SEVERABILITY, AND NO WAIVER

This Agreement represents the complete understanding between you and Legacy Cache regarding your use of the Service.

It replaces any prior agreements, discussions, or understandings.

If any part of this Agreement is found to be invalid or unenforceable, that part will be modified only as necessary to make it enforceable, and the remaining provisions will continue in full effect.

Failure to enforce any provision does not mean that Legacy Cache waives its right to enforce it in the future.

Section headings are included for convenience and do not affect the interpretation of the Agreement.

21. CONTACT INFORMATION

If you have questions, concerns, or requests related to this Agreement, you may contact:
